

ST PATRICK'S DAY

Saint Patrick's Day is celebrated every year on March 17th. St Patrick is the patron saint of Ireland,

If you want to be lucky on St Patrick's Day, you must find a shamrock, wear green, kiss the Blarney Stone and catch a Leprechaun!

St Patrick chose the shamrock to symbolise the Holy Trinity, and today many people wear a shamrock to commemorate St Patrick's Day.

Leprechauns are Irish goblins. They are little old men dressed in green. They know the way to a pot of gold at the end of the rainbow. They are not very friendly and extremely difficult to catch.

The Blarney Stone is in Blarney Castle, County Cork, Ireland. It has magical properties.
